## July Recap

July was a tremendously HOT and smoky month but Albertans will withstand all kinds of weather to get out and enjoy our summers. The course has also been handling the hot, dry conditions as best as it can. The foxtail growth has relented and the course is rounding into good shape. Off the course, The Track held its' Grand Opening on July 24, celebrating with golfers and the community. The Track is participating in Discover Langdon, a scavenger hunt put on by the Langdon Community Association, as well as the upcoming Langdon Days Parade on August 21st. Read on below to see what else has been going on at The Track.

## Grand Opening

Megan, Tom, Gregg & Riley were thrilled to finally be able to celebrate the opening of The Track! Covid-19 had delayed all previous plans for a grand opening. On July 24th, a year and three months after Megan and Tom became the owners of The Track, a ribbon was cut and desserts were devoured in celebration. Residents from Langdon, Calgary and surrounding, along with golfers, came out to celebrate with our team. Chef Ricky and Chef Anil crafted delicious desserts for the event. Thank you for everyone who attended!

# Cheadle Hustle: The History

The BackTracks 'Cheadle Hustle' cocktail pays tribute to the Canadian Pacific Railroad's track laying record. Langdon was the original Canadian Pacific mainline between Gleichen and Shepard, Alberta. A track-laying record was set just east of Langdon in Cheadle, AB, on July 3, 1883, when the crews completed an astounding 6.38 miles in one day!

Crafted with Turner Valley's, Eau Claire Flourish Gin, its perfectly refreshing and a tasty summer drink. What a way to remember a piece of Langdon's history!

## Soup.

Hot summer days and hot soup might not sound quiet right, but science is on our side for this one. "Eating hot soup on hot days brings your body more in line with your environment. Hot soup keeps you in balance." The BackTrack makes soup that you'll want to devour on even the hottest days. Each soup of the day is made from scratch, giving it that homemade taste. The soup changes daily, so be sure to ask what's on the menu today!
